RENEWED BANDIT HUNT DENIED BY GEN. SCOTT

Dispersal of Joint Commission Likely
After Election, Capital Learns.

Gen. Hugh L. Scott, Chief of Staff of the army, denied yesterday there was any truth in a report from San Antonio that an order had been issued for Gen. Pershing's expedition to prepare for activities in Mexico after election. Other War Department officials declared the report ridiculous.

In both State Department and Mexican Embassy circles the belief was expressed, however, that the joint American-Mexican commission would be dissolved within two weeks after election unless the United States agreed to the demand submitted by Gen. Carranza's commission. These demands, it was stated, are:

Admission of trespass upon Mexican sovereignty and immediate withdrawal of American military forces.
Establishment of a protocol prescribing the rights of the two nations reciprocally to enter the territory of the other in pursuit of lawless bands, but forbidding forces of either country to occupy the soil of the other, or to remain upon it after the bandits have been captured or the chase abandoned.

The deadlock in the commission was caused by the refusal of the State Department to admit that American troops were unlawfully in Mexico.

Broadway to Be Quiet This Election Night

(By International News Service)
New York, Nov. 5.—The unusual spectacle of a fairly quiet Broadway on election night will be seen here Tuesday.
Most of the mid-town sections of the famous thoroughfare will be barred to revellers. The sidewalks and roadway are propped up on temporary supports owing to new subway construction, and the Public Service engineers feared the weight of hundreds of thousands of merry-makers might break them down and cause a serious accident.

RAILROAD EQUIPMENT ORDERS MUCH LARGER

Car Contracts Totalling \$45,000,000
Placed During October.

Special to The Washington Herald.
New York, Nov. 5.—The railroads of the country were heavier purchasers of equipment in October than in any other month this year, and at the present rate the total for the year promises to exceed 1915 orders by a substantial margin, says the New York Sun.

Car manufacturers booked orders for nearly \$45,000,000. Freight car orders ran to 23,665 cars and passenger car orders 410. In September combined freight and passenger car orders called for 20,136 cars. The total for the ten months ending October 31 is approximately 112,300 freight and 1,460 passenger cars.

The outlook for November purchases by the railroads, based on inquiries already sent out, indicates possibilities of 40,000 to 45,000 cars. Cars ordered this month and next will have to be paid for at prices averaging about 25 per cent. above those of November and December of 1915. The average increase in price for equipment over the ten months of the present year is about 25 per cent over the same period in 1915.

Orders for locomotives last month ran light. In all seventy-eight were ordered, as compared with 291 in October, 1915.

Railroads are purchasing substantially on a cash basis instead of financing them as formerly by the issuance of equipment trusts bearing interest rates ranging between 4 per cent and 5 per cent.

BIG PROFIT IN OLD COINS.

Japanese Said to Have Realized

\$60,000,000 from Chinese Money.
Peking, Nov. 5.—During the six months from July to December, 1915, Japanese firms are said to have realized a profit of \$60,000,000 silver from Chinese brass cash bought in the northern provinces of the republic.
This cash is the old-fashioned Chinese money, with square holes.

8,000 ANIMALS SAVED FROM HARM BY LEAGUE

Work of Rescue Organization in Last Year Reviewed by Manager.

More than 8,000 cats, dogs and other animals have been cared for by the Washington Animal Rescue League in the last year, it was announced yesterday. Eighty-seven horses were purchased after becoming lame and were shot.

The institution, which was established two years ago, is located at 1355 Ohio avenue northwest. Miss Mary E. Coursey is its manager. The league is supported by voluntary subscriptions and minor membership dues, together with occasional rewards for returning a lost pet to its owner.

"Our league grew from the Humane Society," said Miss Coursey last night, "and since its organization has gained more than 300 per cent. The rescue work mostly is concerned with dogs and cats, but in the last year we have bought a number of horses outright and then shot them rather than see them go out for further service."

"We always try to find good homes for the animals we pick up, but whenever this is not possible we chloroform them. We have two agents who are continually going over routine territory and answering emergency calls. Frequently we find valuable animals and return them to their owners. One notable case happened when we found a Belgian police dog and returned it to the Chilean Legation."

Grant Auto Race Permits.

Los Angeles, Nov. 5.—Permission to hold the Vanderbilt and Grand Prize races at Santa Monica on November 18 and 19 on a course running through territory recently annexed to Los Angeles, was re-granted yesterday by the board of public works, when waivers were filed releasing the city from liability from accidents. The original permit was revoked on October 19.

Emphasizing Grosner Values at **\$20**

To the Men and Young Men of Washington who have set aside \$20 for their Winter Suit or Overcoat, we offer many inducements in co-operation with

THE HOUSE OF KUPPENHEIMER

—and with characteristic Grosner merchandising, we have succeeded in securing some wonderful suits to retail at \$20, and we are depending on a tremendous volume of business to make a small profit on them.

A personal visit will prove a pleasant surprise when you can see and feel the fine woolsens, try on Kuppenheimer exclusive styles, and note the greater values of these garments.
